

# AKRON ASSEMBLIES

Custom Assembly

## TOTAL VALUE

AKRON Porcelain & Plastics provides assemblies to the automotive, electrical distribution and commercial lighting industries. We actively solicit value-added opportunities to provide our customers with both individual molded parts as well as modular assemblies. Our team assesses the needs of our customers in terms of specifications and prices and develops a process flow that optimizes both requirements.

AKRON utilizes the expertise of other suppliers of coatings, metals, fasteners, and decorative finishing to support our relationship with our customers. AKRON supplies whatever is required, such as inspection fixtures, to ensure that the customer's need is satisfied.

AKRON's ISO-certified manufacturing plants will provide all necessary documentation to take care of the most demanding requirements in the molded plastics industry. Our engineers will work very hard with you to take your next program to the completed phase of the product development cycle. Please allow us to quote on your next opportunity.
